

ANIMALS

i am a shark
so give me my chum
i am a shark so give me my...
but if i stop swimming my dear
i'll die staying right here
i am that which you wanted
the one that was so great
i am that which you hated too
the one with so much angst
i will fade away...
i am a bear
so give me my honey
i am a bear so give me my
if i show my face in that hive
you'll sting out both of my eyes
i am that which you wanted
the one that was so great
i am that which you hated too
the one with so much angst
i will fade away...
