

## AS YOU GO

sometimes you'll have those friendships  
that go all over the place  
later you'll start talking  
it's like you'd never left  
let's go outside and snap our roots with pride  
leave home  
and whistle as you go  
leave home  
go on and have some fun  
leave home I said  
so I'll have to go myself  
someday you'll see those places  
you will never be at again  
later you'll remember  
it's like you'd never left  
let's go outside and snap our roots with pride  
leave home  
and whistle as you go  
leave home  
go on and have some fun  
leave home I said  
so I'll have to go myself  
we'll never we'll never get stuck again  
uprooted on the go  
we'll never we'll never get stuck again  
it's time to leave now  
leave home  
and sing it as you go  
leave home  
go on and have some fun  
leave home I said  
so I'll have to go myself
